**IMPORTANT NOTE:** You do not need to select a dentist to provide orthodontic care at enrollment. To receive the maximum benefits under your plan, you must seek treatment from an orthodontic care dentist listed in this directory. If you seek treatment from an orthodontic care dentist not listed, any charges above your plan maximum benefit will be your responsibility.

There are important financial considerations for DeltaCare members and their eligible dependents in orthodontic treatment before DeltaCare enrollment. You are urged to contact DeltaCare's Customer Services Department before enrolling.
